in drinking water in public schools; adds child care programs to those required to implement the water testing program; changes from 20 to 15 parts per billion the lead level by which a school or child care program is required to take certain protective and remedial steps under the program. - Amends TCA Title 49, Chapter 1 and Title 49, Chapter 2. by \*Lamar. (SB2024 by \*Akbari)

Rep. Lamar moved that House Bill No. 2017 be passed on third and final consideration.

Rep. White moved adoption of Education Committee Amendment No. 1 as follows:

**Amendment No. 1**

AMEND House Bill No. 2017 by deleting all language after the enacting clause and substituting instead the following:

SECTION 1. Tennessee Code Annotated, Section 49-2-133, is amended by deleting the section and substituting the following:

(a) The department of education, with the assistance of the department of health, shall develop a program for the testing of water for lead contamination in public schools, public charter schools, and child care programs that are certified by the department of education under, chapter 1, part 11 of this title.

(b)

(1) A local board of education shall adopt and implement the program developed by the department or a program developed by the local board to reduce the potential sources of lead contamination in drinking water in the local board's public schools.

(2) Public charter schools that operate within the boundaries of an LEA in a facility constructed prior to January 1, 1998, shall adopt and implement the program developed by the department, the program developed by the LEA, or a program developed by the public charter school to reduce the potential sources of lead contamination in drinking water in the public charter school.

(3) Child care programs that are certified by the department under, chapter 1, part 11 of this title, and that operate within the boundaries of an LEA in a facility constructed prior to January 1, 1998, shall adopt and implement the program developed by the department, the program developed by the LEA, or a program developed by the child care program to reduce the potential sources of lead contamination in drinking water in the child care facility.

(c)

This is a draft version of the House Journal and is to be considered UNOFFICIAL. It will become the official record of the House after it has been adopted by the House.

(1) The program implemented pursuant to subsection (b) must incorporate, at a minimum, biennial testing of lead levels in drinking water sources at public schools, public charter schools, and child care programs operating in facilities constructed prior to January 1, 1998, utilizing samples consisting of the first two hundred fifty milliliters (250 mL) drawn of water that has been standing in plumbing overnight to identify lead levels. Samples must be taken in accordance with the tap sampling procedures in the EPA Lead and Copper Rule (40 CFR Part 141).

(2) Public schools, public charter schools, or child care programs operating in facilities constructed on or after January 1, 1998, may conduct periodic testing under this section.

(d) If the result of a lead level test conducted under subsection (c) is equal to or exceeds fifteen parts per billion (15 ppb), then the public school, public charter school, or child care program shall:

(1) Conduct lead level tests on an annual basis until retesting confirms that the level is less than fifteen parts per billion (15 ppb);

(2) Immediately remove the drinking water source from service. The drinking water source must remain unavailable for use until subsequent retesting under subdivision (d)(6) confirms that the lead level of water from the source is less than fifteen parts per billion (15 ppb);

(3) Notify:

(A) The commissioner of environment and conservation, the commissioner of health, the local department of health, the local governing body, if any, and the commissioner of education within twenty-four (24) hours of the test result; and

(B) The parents and guardians of students enrolled at the public school, public charter school, or child care program, in accordance with a notification policy developed by the local board of education, public charter school, or child care program, within twenty-four (24) hours of the test result. A notification from a public school or public charter school must include all languages indicated in an LEA's home language survey conducted in accordance with Title VI of the Civil Rights Act of 1964;

(4) Allow the local department of health to inspect the site of the drinking source to confirm that the drinking source has been removed from service;

(5) Develop a mandatory action plan within five (5) days of notification of lead level test results, and post the corrective action plan to

the public school's, public charter school's, or child care program's website; and

(6) Retest the lead level of the drinking water source within thirty (30) days of any corrective action.

(e) Each public school, public charter school, or child care program operating in a facility constructed prior to January 1, 1998, shall comply with the requirements of a water testing program created pursuant to this section.

(f) As used in this section:

(1) "Child care program" has the same meaning as defined in § 49-1-1102; and

(2) "Drinking source" means a source of water from which an individual can reasonably be expected to consume, bathe, or cook with the water originating from the source, including water fountains, coolers, icemakers, showers, and water near or used for the preparation of food and beverages.

SECTION 2. This act shall take effect July 1, 2020, the public welfare requiring it.
